General Guidelines

PowerFrameworks welcomes your articles, photography, and graphic submissions. We are especially interested in receiving well-written articles containing presentation message development and delivery strategies, presentation success stories, and production process methods that will help fellow presenters. We are also interested in short, quick-hit production and presentation best practices, layouts that are innovative and unique that can be featured in the chart of the month department, and imaginative formatting and animation schemes. PowerFrameworks reserves the right to edit for length, clarity, accuracy, and style. No payment will be made, unless indicated otherwise.

We prefer text to be submitted in Microsoft Word, especially for full-length articles.

Photography

We accept high-quality digital photography, graphics, and slides. Color is preferred. Digital photography needs to be at least 150 dpi at the size in which the image is placed within your files. We are unable to use material that needs to be scanned or low-quality screen shots. You can email your files to submissions@powerframeworks.com.

Contact information

Send your contributions to submissions@powerframeworks.com; or, if you would like some coaching on setting up your files for submission, you can also email us at the above email address.

Submissions may also be mailed to
PowerFrameworks, Inc.
P.O. Box 2004, Oakhurst, CA 93644

We are sorry but disks will not be returned.

In order for your submission to be considered, please fill out and send to us the release form on the next page.
